REGIONAL AWARDS FOR 2019

# *Regional Awards 2019*

The regional awards were adjudicated by the me following nominations by both Regional Reps and Societies themselves. It is not an easy task and of course no one is perfect I have done my best to select those shows which had that little bit extra or that special sparkle whilst at the same time being of the highest quality both in performance and production. The Highly Commended shows should be equally proud of their achievement as all the categories were exceptionally hard to adjudicate. Congratulations to everyone who put on a production during 2019.
