Calamity's Deerskins –

Comprises of jacket, trousers, boots, hat and belt (not neckerchief or shirt)

We hot glue gunned the jacket closed every night because it gave the jacket an authentic tunic effect – jacket easily opened and resealed the next night. Please note that the jacket was created by us adding the tassels to it.

Trousers – fit size 12 comfortably. Seamstress could alter to make bigger as waistband hidden under jacket. (I do have a similar pair of trousers in a size 8 if needed.)

Boots are soft soled – would fit size 6 to 8.

Hat is genuine leather. Belts included to complete the look.

All items except belts were bought brand new for the show. Just need to add a neckerchief and checked shirt.
