

Updating Your Details

Have you been recently appointed to your group's committee?

NODA allows member web access to the following roles

- Chair
- Secretary
- Treasurer
- Webmaster - this role can be used for Safeguarding, Health and Safety, Marketing - but only 1 person.

Step 1

If you do not have a personal web account set up - click register in the top right hand corner of the website and complete the form.

Once you have completed the form, you will receive an email with a link in it - click that link. That releases you into our system.

Step 2

Email info@noda.org.uk and tell us your name, group, and the role you are wanting to add. If there is someone already in that role on your account, that person will be removed and will no longer have access.

Step 3

You will receive an email back once we have linked you to the account - this can take 24 to 48 hours. Once you have received the email response, you will be able to log into your members account.

This is done by clicking login in the top right corner and then entering your email and password you have set up. Once logged in, hover over My Account and click My Societies. Follow the onscreen instructions and you will then have access to your members account.

If you use the Forget Password feature and do not receive an email, firstly check your Spam, but it generally means you do not have an active web account set up.

If you have any issues with this process, please email info@noda.org.uk
